New User Start Here: Your First Sign-In

Follow these clicks in order on your first day. It takes about 10 minutes. For screenshots of each screen, see the Screenshot Guide tab.

Prefer to watch? Video walkthrough: https://setup.stalentos.com

Before you start, have these ready: your stalentos.com email address, the temporary password Geetha sent you, and your phone.

Already on the team? Sign in with your current stalentos.com password and start at Part 2. If 2-Step Verification is already on, skip to Part 4.

Part 1: Sign in to Google for the first time

1. Open Chrome and go to accounts.google.com.

2. Type your stalentos.com email address and click Next.

3. Type the temporary password Geetha sent you and click Next.

4. Google shows a Change password screen right away (no email or inbox needed). Type a new password that only you know, type it again to confirm, and click Change password.

5. If you see a “Welcome to your new account” page, click I understand.

Part 2: Save a passkey

6. When Google offers to let you sign in faster with a passkey, click Continue.

7. In the Windows Security pop-up, click Continue, then click OK. (On a Mac, follow the prompt on your screen.)

8. If the passkey window appears again, click Continue.

9. On the “You’re all set!” screen, click Continue.

Part 3: Turn on 2-Step Verification

10. On the “Don’t get locked out” notice, click ENROLL.

11. Under Second steps, click Authenticator.

12. On your phone, install Google Authenticator from the App Store or Google Play.

13. On your computer, click Set up authenticator. A QR code appears.

14. On your phone, open Google Authenticator, tap +, then tap Scan a QR code.

15. Point your phone’s camera at the QR code on your screen.

16. On your computer, click Next.

17. Type the 6-digit code from the app and click Verify.

18. Click Turn on.

19. Click Turn on 2-Step Verification.

20. On “You’re now protected with 2-Step Verification,” click Done.

Part 4: Sign in to Slack

21. Stay signed into Google in the same browser.

22. Go to stalentos.slack.com, or open the Slack app and enter stalentos.slack.com.

23. Click Sign in with Google.

24. If Google asks you to pick an account, click your stalentos.com account. You’re in.

Part 5: Get Slack on your phone

25. On your phone, install Slack from the App Store or Google Play.

26. Open Slack and tap Sign in. If it asks for your workspace, enter stalentos.slack.com.

27. Tap Sign in with Google.

28. Choose or type your stalentos.com email address, enter your Google password, then enter the 6-digit code from Google Authenticator.

29. Slack opens on your phone. You’re in.

The only password you need is your stalentos.com Google password. Questions? Your first stop is Geetha at geetha@stalentos.com. If she can’t help, email support@corsicatech.com. Need your password reset? Email geetha@stalentos.com or hr@stalentos.com.

Setting Up 2-Step Verification (Slack Auth)

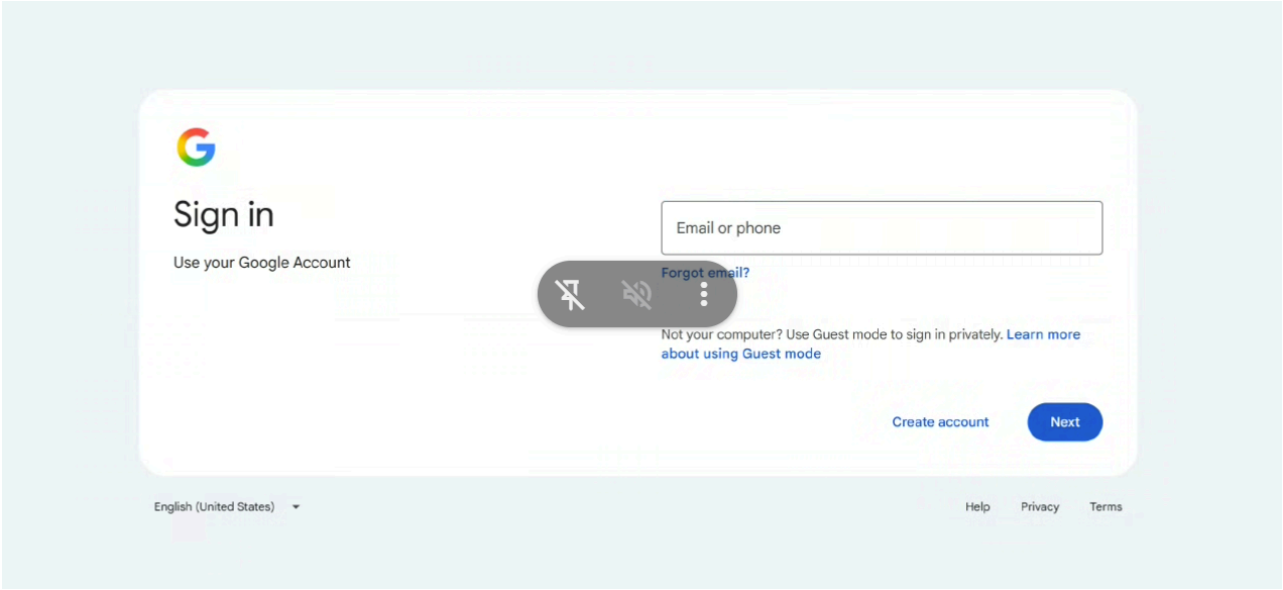

Step-by-step screenshots for setting up a passkey and Google Authenticator on your Sustainable Talent Google account, then signing into Slack with it. 2-Step Verification will be required from November 2, 2026.

Before you start: have your phone ready with the Google Authenticator app installed.

Part 1: Sign in and save a passkey

Step 1: Enter your email address

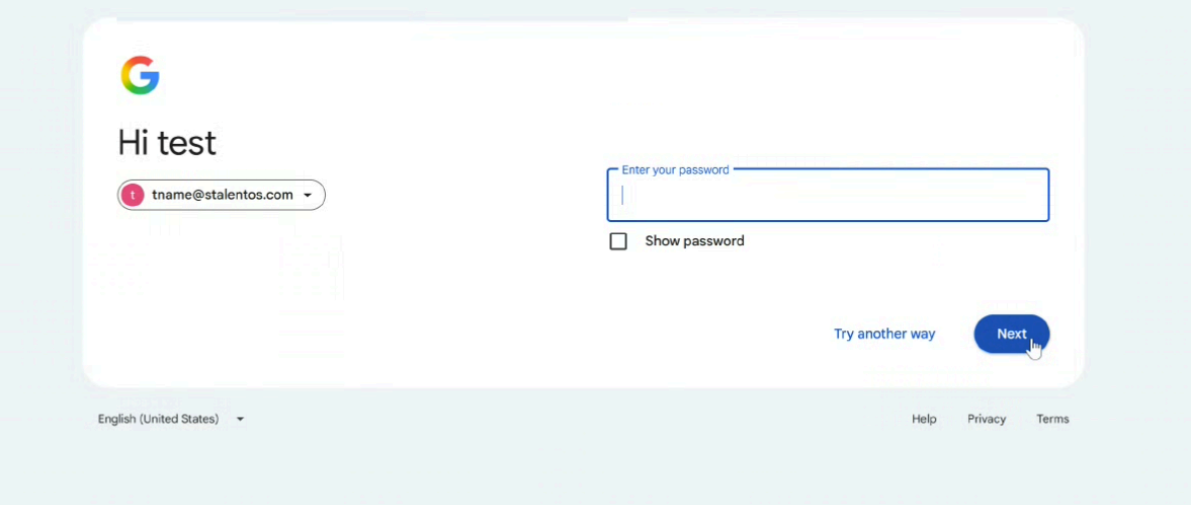

Go to the Google sign-in page, enter your Sustainable Talent work email, and click Next.

Screenshot: Slack Auth Step 1

Step 2: Enter your password

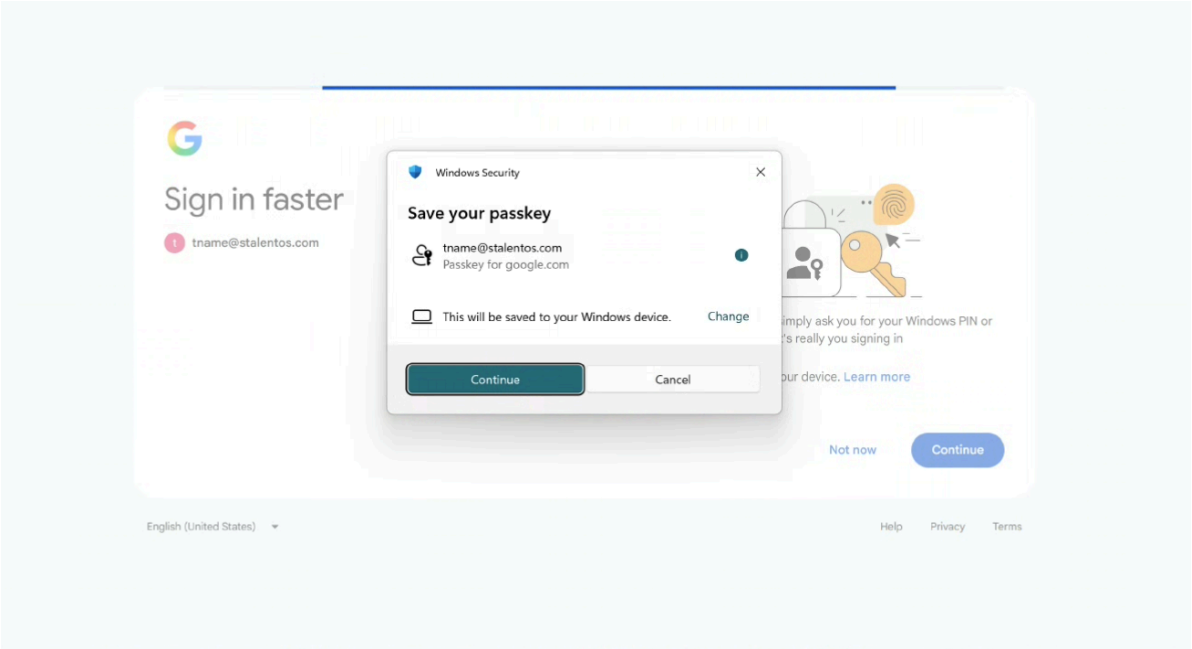

Enter your Sustainable Talent password and click Next.

Screenshot: Slack Auth Step 2

Step 3: Save your passkey

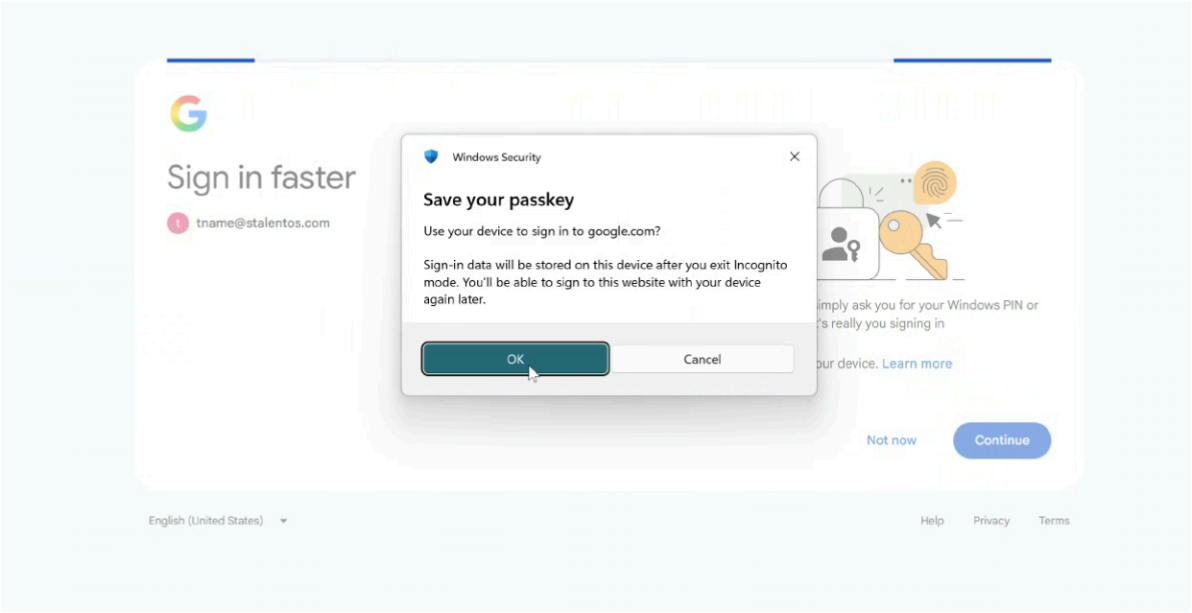

Google offers to let you sign in faster with a passkey. In the Windows Security pop-up, click Continue.

Screenshot: Slack Auth Step 3

Step 4: Confirm the passkey

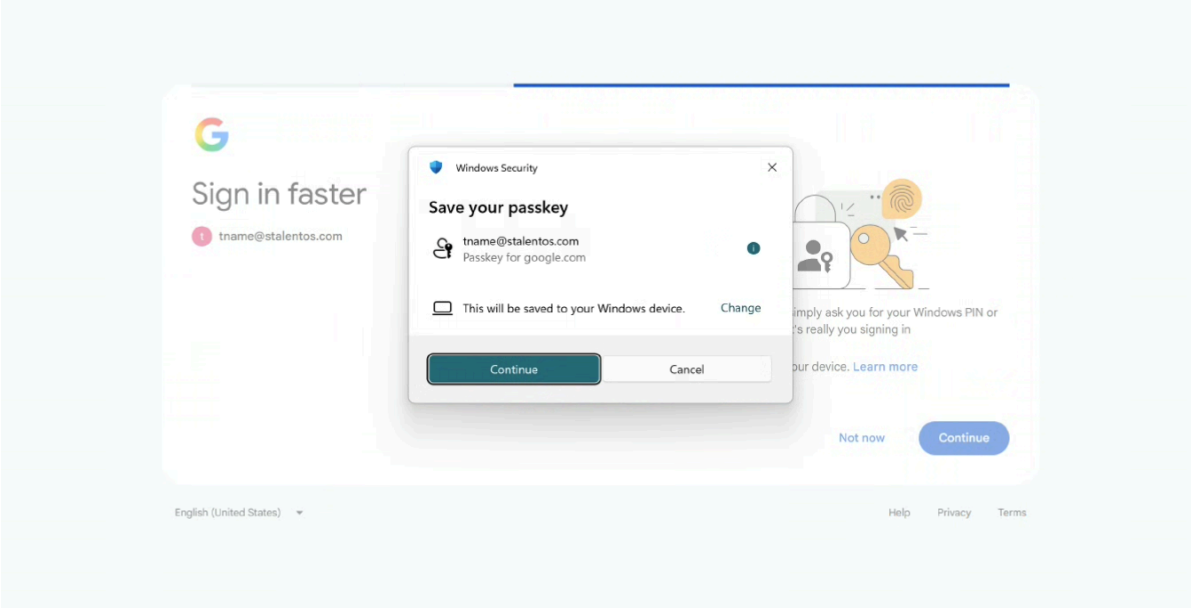

When asked "Use your device to sign in to google.com?", click OK.

Screenshot: Slack Auth Step 4

Step 5: Continue (if prompted again)

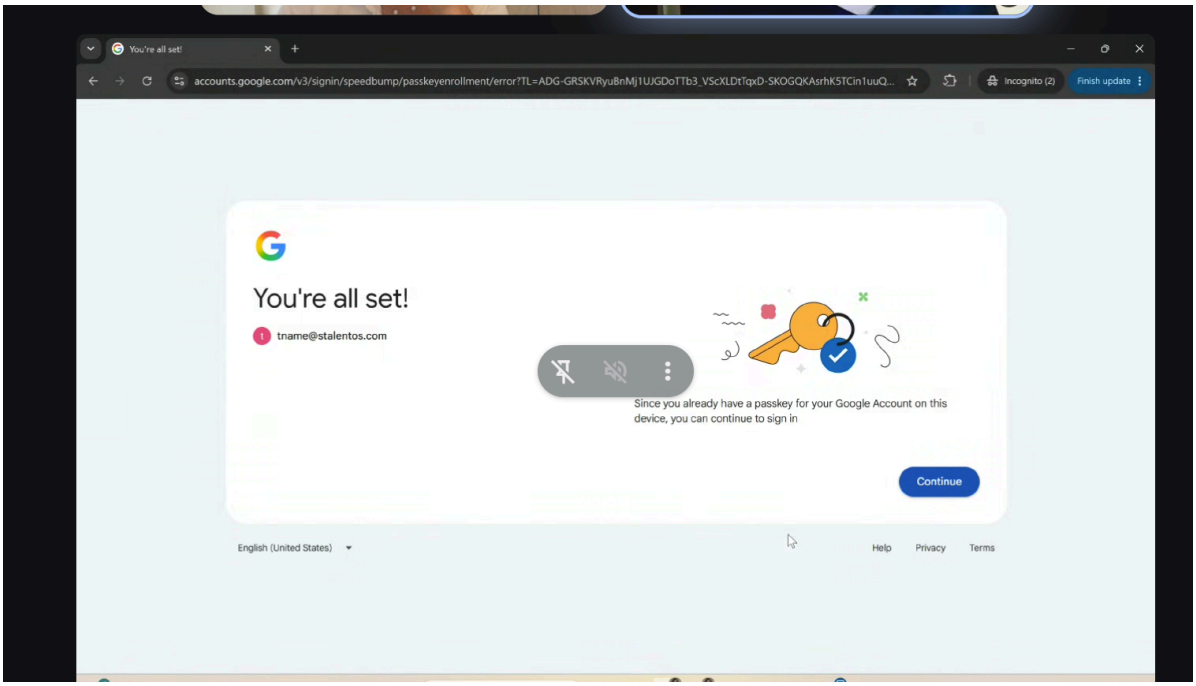

If the Save your passkey window appears again, click Continue.

Screenshot: Slack Auth Step 5

Step 6: Passkey saved

You'll see "You're all set!" Click Continue.

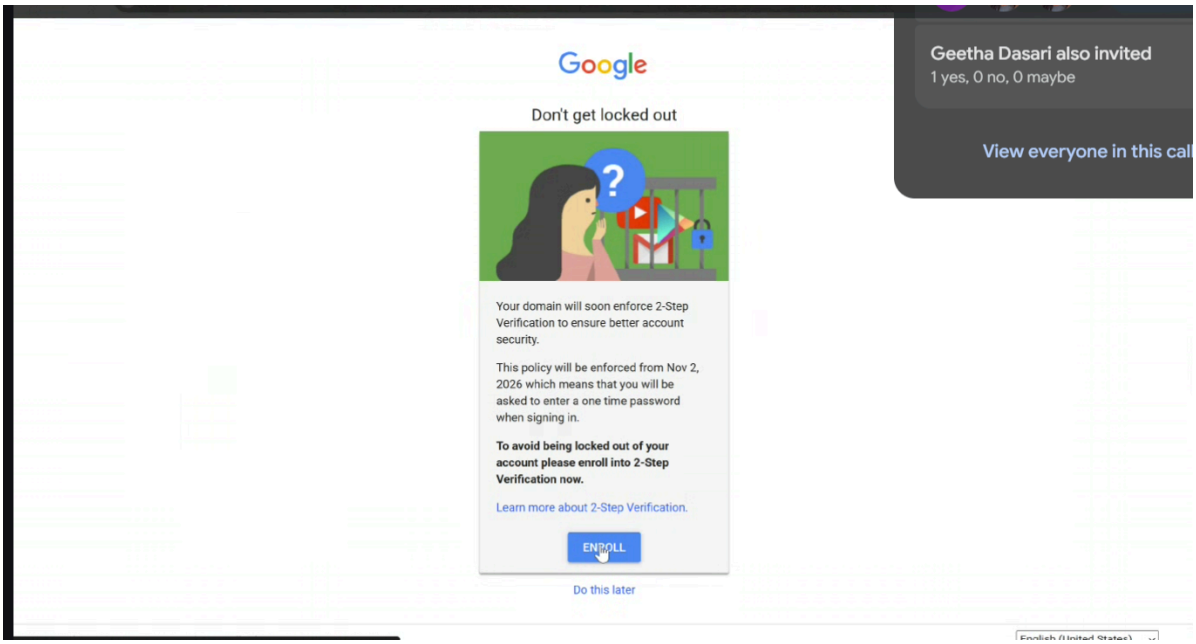

Screenshot: Slack Auth Step 6

Part 2: Enroll in 2-Step Verification

Step 7: Enroll in 2-Step Verification

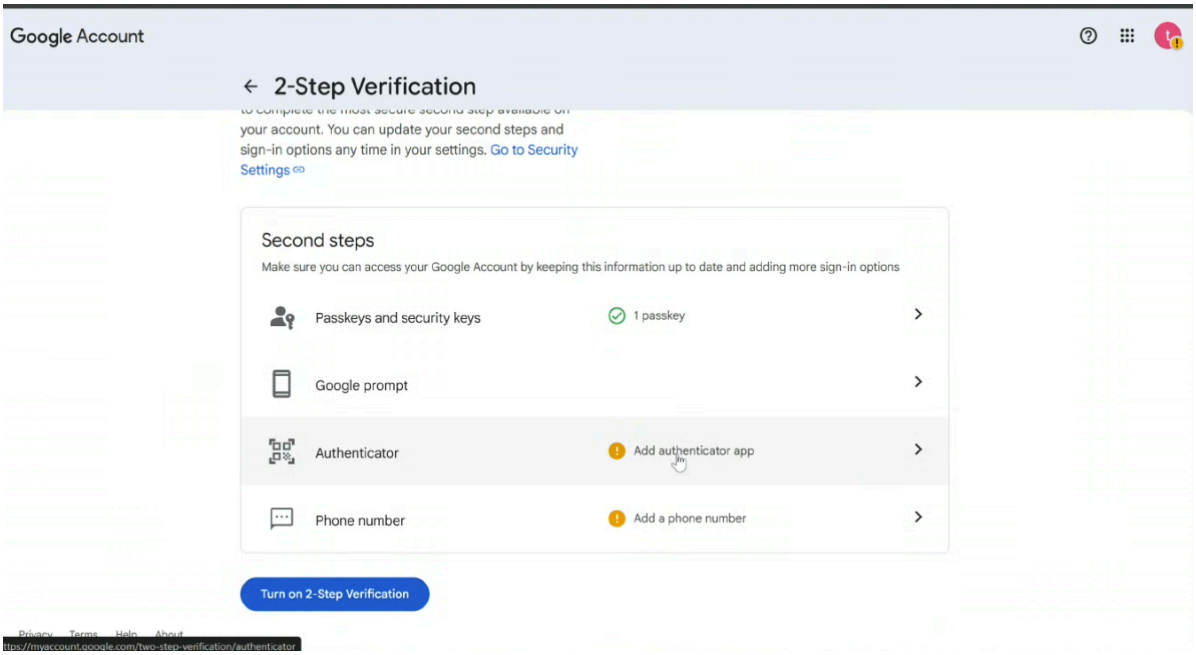

You'll see a "Don't get locked out" notice. 2-Step Verification will be enforced from Nov 2, 2026. Click ENROLL.

Screenshot: Slack Auth Step 7

Step 8: Choose Authenticator

On the 2-Step Verification page, under Second steps, click Authenticator ("Add authenticator app").

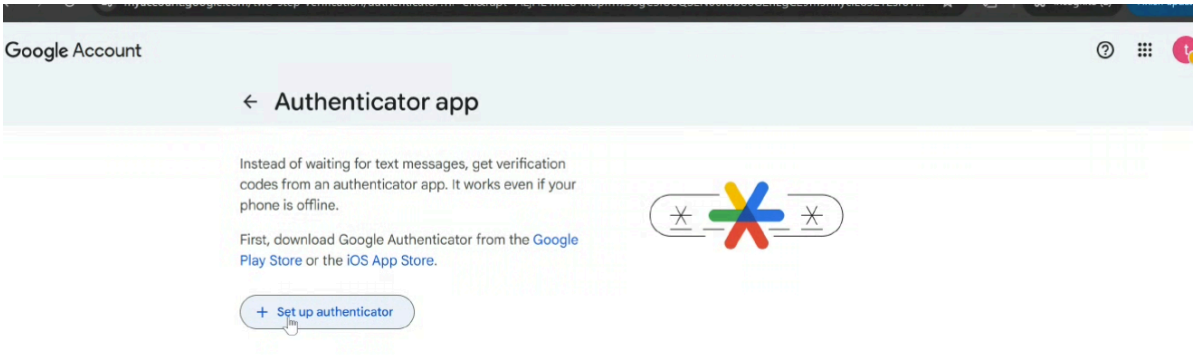

Screenshot: Slack Auth Step 8

Part 3: Set up the Google Authenticator app

Step 9: Start authenticator setup

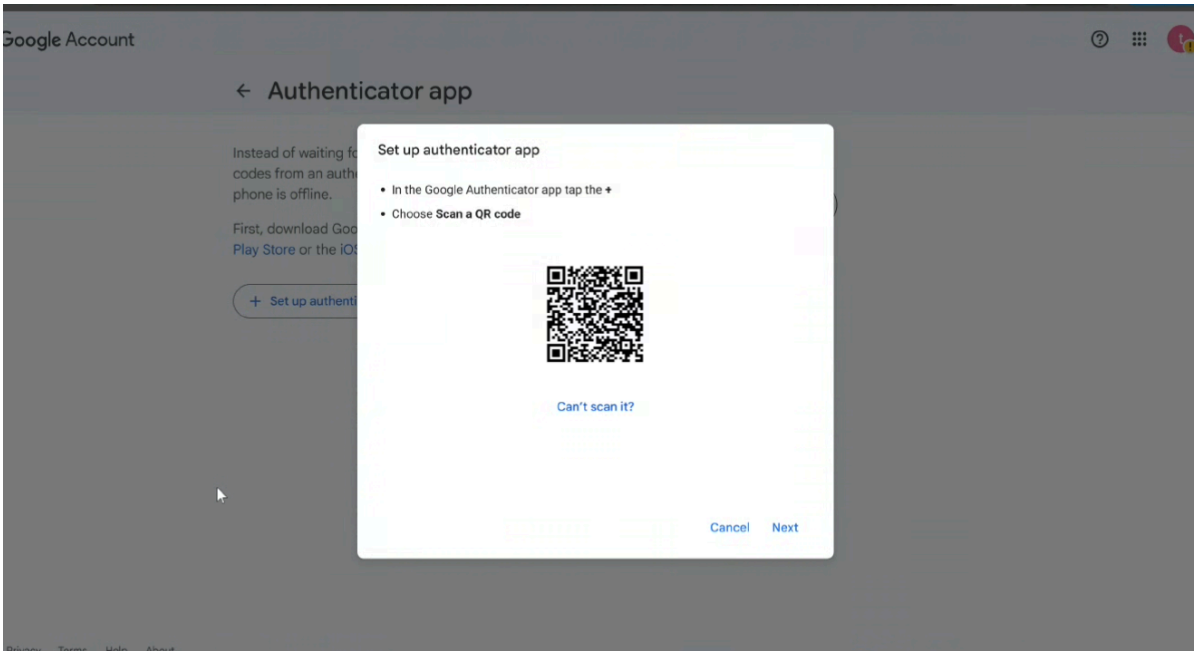

Download Google Authenticator from the Google Play Store or iOS App Store if you don't have it, then click Set up authenticator.

Screenshot: Slack Auth Step 9

Step 10: Scan the QR code

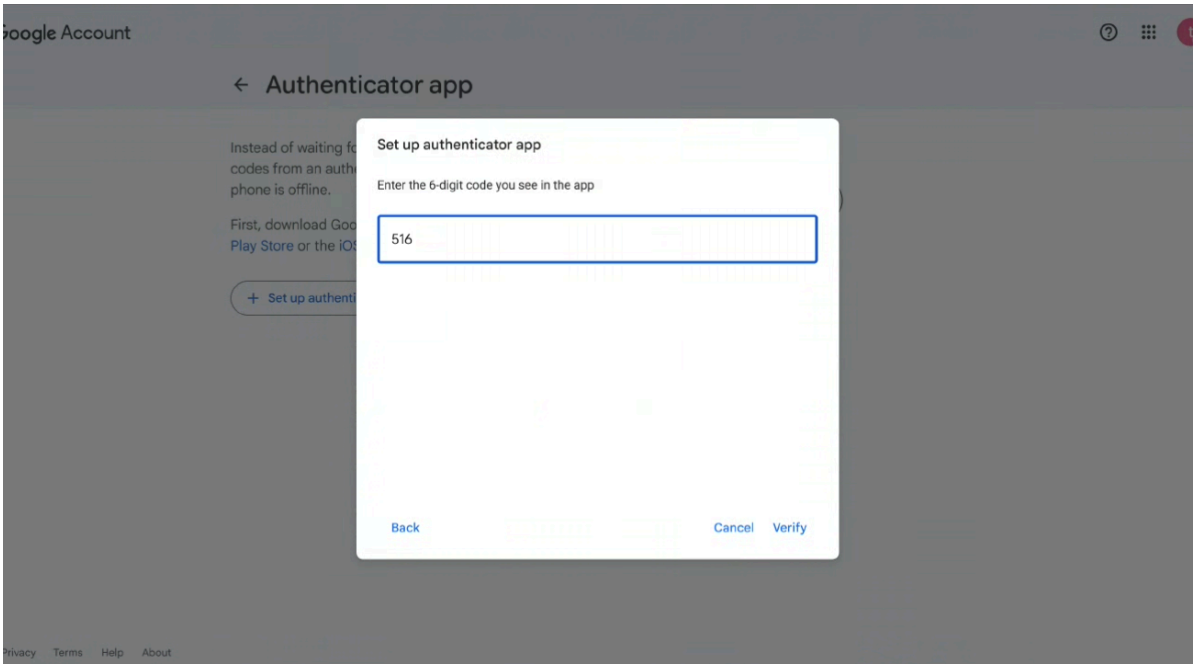

In the Google Authenticator app, tap the + and choose Scan a QR code. Scan the code on screen, then click Next.

Screenshot: Slack Auth Step 10

Step 11: Enter the 6-digit code

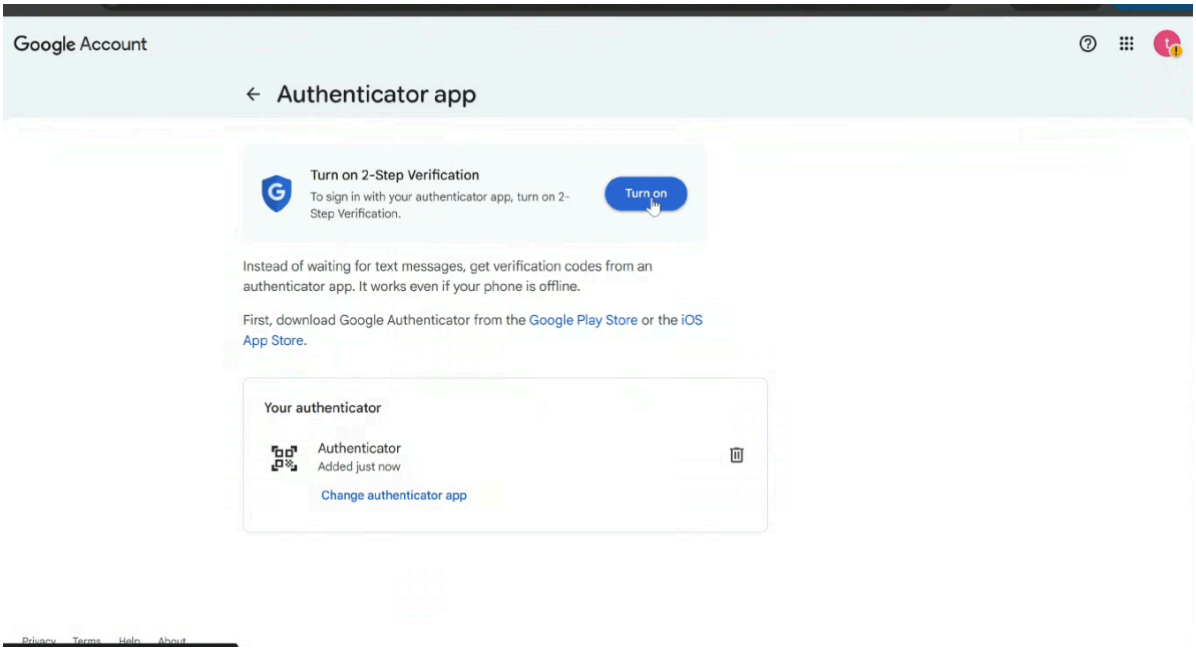

Type the 6-digit code shown in the app and click Verify.

Screenshot: Slack Auth Step 11

Step 12: Turn on 2-Step Verification

Your authenticator now shows as "Added just now". Click Turn on.

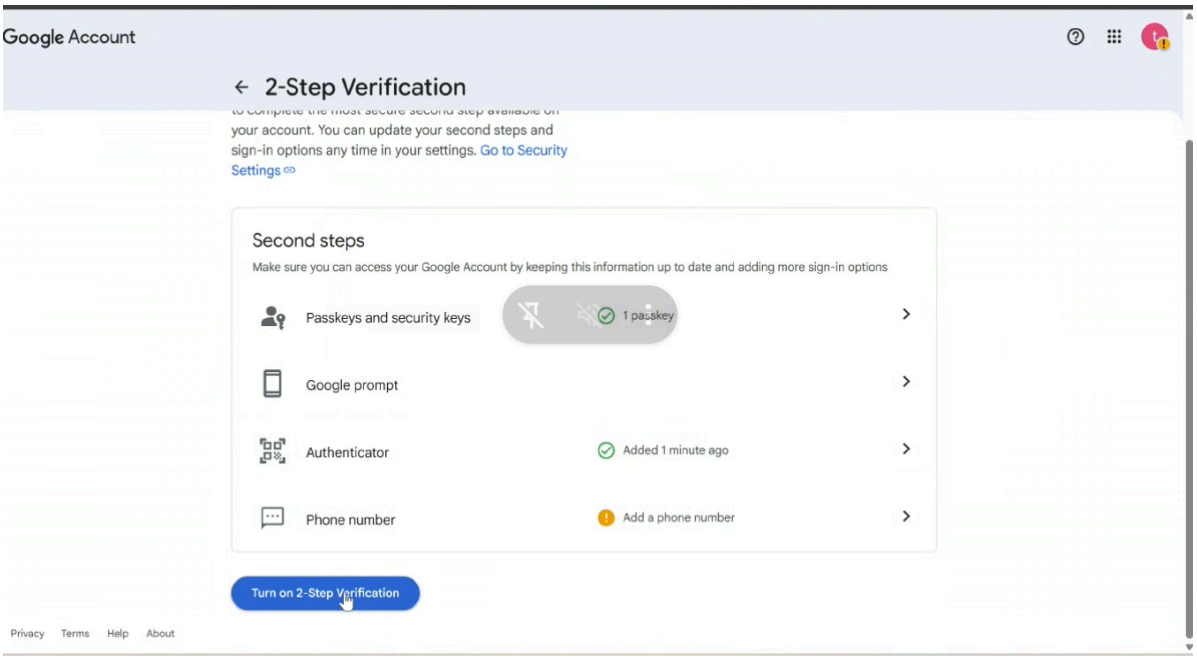

Screenshot: Slack Auth Step 12

Part 4: Finish

Step 13: Confirm and turn on

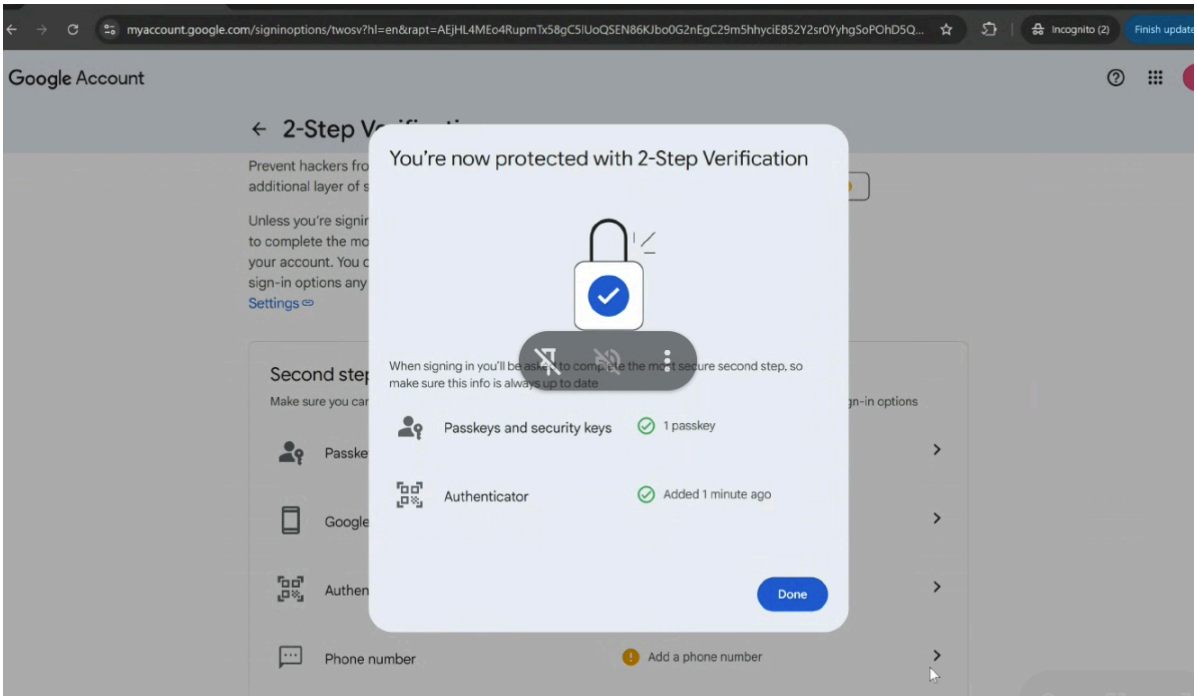

Back on the 2-Step Verification page, Authenticator shows a green check. Click Turn on 2-Step Verification.

Screenshot: Slack Auth Step 13

Step 14: You're protected

You'll see "You're now protected with 2-Step Verification". Click Done.

Screenshot: Slack Auth Step 14

Part 5: Sign in to Slack

Step 15: Stay signed into Google

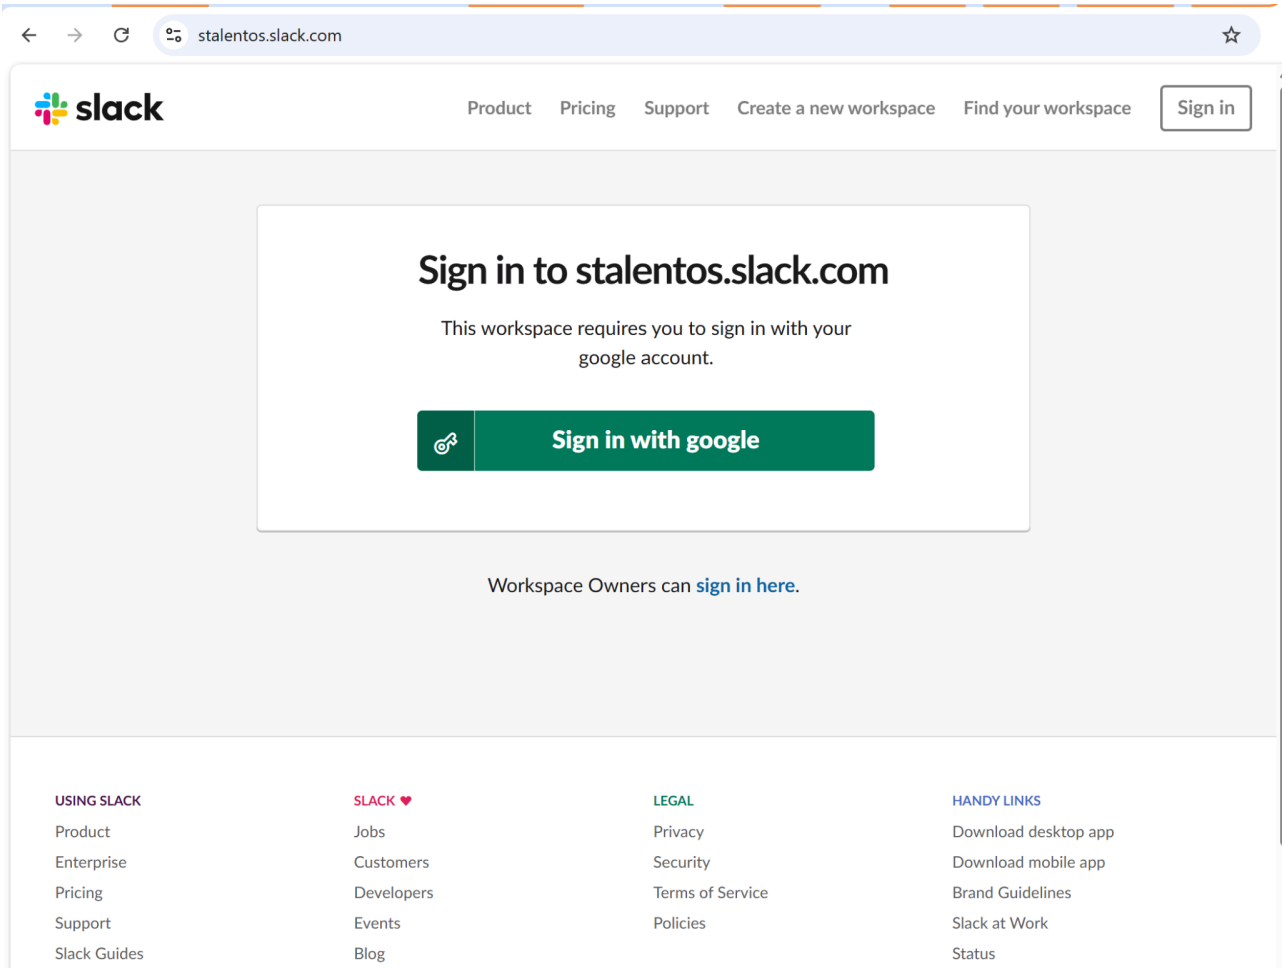

Once 2-Step Verification is on, stay signed into your stalentos.com Google account in your browser. SSO is required for everyone in our Slack workspace, so there is no separate Slack password, and new team members never need to create one.

Step 16: Go to Slack

Go to stalentos.slack.com, or open the Slack app and enter that address.

Step 17: Sign in with Google

Click Sign in with Google.

Screenshot: Slack Auth Step 17

Step 18: You're in

Slack sends you to Google. If you're already signed into your stalentos.com Google account in that browser, you go straight in. If not, Google asks for your Google password and your 2-Step Verification code.

The only password you need is your stalentos.com Google password.
